SAILING STORIES

Known for its sweet sailing performance in nearly all conditions, the Catalina Capri 22 has been winning sailors since its introduction. Major design updates has made the Capri 22 more comfortable, safer at sea and easier to maintain. The striking new deck profile is flared across the stern and has wider cockpit curves for crew comfort during and after sailing. Under the full reclining length seats is a new storage locker and separate battery locker. A complete racing package is available, including: asymmetrical spinnaker, sheets, pole and backstay tension adjuster. The enclosable head and available galley module make the Capri 22 suitable for extended daysailing or weekending.

CATALINA Capri 22 Principal Specification

Length Overall	7.52m	24' 8"
Length of Hull	6.71m	22' 0"
Length at Waterline	6.10m	20' 0"

- TRAILERABLE
- STIFF
- FAST
- SAFE

The now world of sailboating leads you straight to this beautiful modern designed racer-cruiser. The winning combination of 2'4" draft combined with 750 lbs. of lead ballast [internal], large interior of molded fiberglass with teak throughout, large cockpit [6'3"], long waterline, for extra speed, an optional deisel engine for inboard [8 h.p.] power leads to a boat that is all a sailboat should be.

The quality balsa cored decks, permanently molded in non-skid and other countless standard items make this boat a hard boat to compete against. When you see the interior layout with galley positioned so that you have easy access to the cockpit and good ventillation you will be amazed. Storage is everywhere. Enclosed head area, standard teak and lexan hatch, combined with a full masthead rig make the COASTER a sailboat you should see before you purchase a sailboat. See it at your Kells dealer or write to the company for a free brochure.
